Aalto University
School of Business

Study at Finland's leading business school

Aalto University School of Business

Where business and economics meet technology and design

Study in an international and multidisciplinary environment and get a truly unique learning experience.

As Finland's leading business school and one of Europe's best, we hold the prestigious Triple Crown accreditation. Our impactful research and strong corporate partnerships drive innovation and ensure your studies translate into real-world results.

You can combine business with courses in technology and design. Founded to drive innovation, Aalto's startup community gives you practical ways to turn ideas into action. We're committed to better business and a better society, with sustainability embedded in how we teach.

At Aalto, you learn from leading researchers, work with motivated peers, and develop ideas in our startup community to shape a study path that fits you.
