Employment in Finland

- It is expected to have work experience during studies
- Networking is important – companies expect proactivity
- Learn to pitch – a degree itself is not enough, you need to know how to tell about your skills

A!

How to do that? Act early:

1. Familiarize yourself with the Finnish working life

- Finland works – online course: <https://www.alex.fi/courses/finland-works>

2. Network & get to know the relevant Finnish employers

- Student association events
- Career Services fairs, company events on campus (Read our newsletter BIZ CareerMail or CDL Newsletter to stay informed!)
- Rehearse telling people about your skills
- Current study friends = future network

3. Get work experience during studies

- Part-time and summer jobs, internships
- Thesis positions
- Student visas allow work, please check current rules in migri web pages: [Work in Finland | Maahanmuuttovirasto](#)

A! 4. Learn Finnish
