Teaching and learning

Problem-based; theories are used to analyse and solve real-world challenges:

- Real-life cases
- Business projects
- Hackathons
- Internships
- Theses and teaching cases

Opportunities for online learning and multidisciplinary studies

A!

Societal impact

- Key roles in societal debates and policy-making
- Extensive collaboration with corporations and other organisations
- in research & teaching
- Knowledge-sharing events & mechanisms
- Strong alumni engagement
- Executive education and life-wide learning

Key Strategic Initiatives 2025–2028

- **Academic excellence**
- **Internationality**
- **Sustainability**

A!

As you begin your studies

Take full advantage of your study place

Embrace and seek diversity – challenge yourself

Teamwork and inclusion are important skills too

Provide feedback to your teacher, program, and school

Take care of yourself and your fellow students (and don't be shy to seek help when needed)

A!

Kiitos
