

Admissions to Master level studies, field of Technology and Engineering

Number of applications and accepted students 2015-2017

*The numbers include applications with first and second priority

** New programme in 2016

*** New programme in 2017

	Applications*			Accepted		
	2017	2016	2015	2017	2016	2015
Advanced Energy Solutions - Industrial Energy Processes and Sustainability***	26			5		
Advanced Energy Solutions - Sustainable Energy Conversion Processes**	52			10		
Advanced Energy Solutions - Sustainable Energy in Buildings and Built Environments***	57			12		
Advanced Energy Solutions - Sustainable Energy Systems and Markets***	50			14		
Architecture	155	167	168	16	16	15
Automation and Electrical Engineering	105	237	292	42	78	39
Building Technology**	84	109	-	28	30	-
Chemical, Biochemical and Materials Engineering	-	-	124	-	-	64
Chemical, Biochemical and Materials Engineering - Biomass Refining	14	16	-	8	5	-
Chemical, Biochemical and Materials Engineering - Biotechnology	17	29	-	10	7	-
Chemical, Biochemical and Materials Engineering - Chemical and Process Engineering	37	48	-	15	20	-
Chemical, Biochemical and Materials Engineering - Chemistry	15	15	-	4	6	-
Chemical, Biochemical and Materials Engineering - Fiber and Polymer Engineering	21	33	-	14	9	-
Chemical, Biochemical and Materials Engineering - Functional Materials	19	34	-	9	12	-
Chemical, Biochemical and Materials Engineering - Sustainable Metals Processing	8	8	-	2	4	-
Computer, Communication and Information Sciences - Acoustics and Audio Technology	13	12	17	6	8	10
Computer, Communication and Information Sciences - Communications Engineering	66	116	181	26	31	54
Computer, Communication and Information Sciences - Computer Science	160	200	199	39	37	20
Computer, Communication and Information Sciences - Game Design and Production	28	28	24	4	3	2

Computer, Communication and Information Sciences - Machine Learning and Data Mining	134	96	131	37	31	29
Computer, Communication and Information Sciences - Security and Mobile Computing	65	63	85	11	19	11
Computer, Communication and Information Sciences - Signals, Speech and Language Technology	20	16	17	6	2	6
Computer, Communication and Information Sciences - Software and Service Engineering	62	93	95	15	11	16
Creative Sustainability - M.Sc. Degree in Architecture	61	68	86	5	5	7
Creative Sustainability - M.Sc. Degree in Technology	17	51	45	5	10	7
Energy Technology**	-	132	-		26	-
Engineering Physics	12	27	30	4	8	4
Geoengineering**	28	37	-	15	17	-
Geoinformatics**	21	41	-	14	20	-
Industrial Engineering and Management	113	171	208	13	16	16
Industrial Engineering and Management - Strategy	64	50	33	9	12	11
Information Networks	28	40	60	6	9	4
International Design Business Management - M.Sc. in Technology	35	67	74	14	14	13
Landscape Architecture (only in Finnish)	15	15	21	7	1	6
Life Science Technologies - Bioinformatics	12	15	22	3	3	4
Life Science Technologies - Biomedical Engineering	14	26	36	2	5	5
Life Science Technologies - Biosensing and - electronics	8	14	20	2	2	3
Life Science Technologies - Biosystems and Biomaterials Engineering	7	10	18	3	7	6
Life Science Technologies - Complex Systems	7	6	8	3	4	3
Life Science Technologies - Human Neuroscience and -technology	11	14	27	0	3	9
Mathematics and Operations Research	32	38	33	8	6	3
Mechanical Engineering	133	178	240	43	56	45
Nano and Radio Sciences	28	49	91	18	24	38
Real Estate Economics**	86	95	-	25	25	-
Spatial Planning and Transportation Engineering**	57	72	-	20	20	-
Water and Environmental Engineering**	77	126	-	17	20	-
Total number of applications	2074	2662	2350			
Total number of applicants	1414	1793	1887	569	642	450
