

## Master's admissions, field of Science and Technology

### Number of applications and accepted students in 2019

The numbers include applications with first and second priority

Study option	Applications			Accepted
	1. study option	2. study option	Total	
Advanced Energy Solutions – Industrial Energy Processes and Sustainability	6	8	14	7
Advanced Energy Solutions – Sustainable Energy Conversion Processes	24	22	46	10
Advanced Energy Solutions – Sustainable Energy in Buildings and Built Environment	23	14	37	8
Advanced Energy Solutions – Sustainable Energy Systems and Markets	26	17	43	12
Architecture	145	5	150	25
Automation and Electrical Engineering	101	39	140	57
Building Technology	70	15	85	31
Chemical, Biochemical and Materials Engineering – Biomass Refining	2	5	7	2
Chemical, Biochemical and Materials Engineering – Biotechnology	22	4	26	10
Chemical, Biochemical and Materials Engineering – Chemical and Process Engineering	22	5	27	13
Chemical, Biochemical and Materials Engineering – Chemistry	12	11	23	8
Chemical, Biochemical and Materials Engineering – Fibre and Polymer Engineering	8	14	22	8
Chemical, Biochemical and Materials Engineering – Functional Materials	21	11	32	16
Chemical, Biochemical and Materials Engineering – Sustainable Metals Processing	3	2	5	3
Computer, Communication and Information Sciences – Acoustics and Audio Technology	15	5	20	15
Computer, Communication and Information Sciences – Communications Engineering	34	12	46	22
Computer, Communication and Information Sciences – Computer Science	65	87	152	36
Computer, Communication and Information Sciences – Game Design and Production	17	6	23	5
Computer, Communication and Information Sciences – Human-Computer Interaction	29	28	57	11
Computer, Communication and Information Sciences – Machine Learning, Data Science and Artificial Intelligence	226	74	300	55

Computer, Communication and Information Sciences – Security and Cloud Computing	37	38	75	11
Computer, Communication and Information Sciences – Software and Service Engineering	36	27	63	14
Electronics and Nanotechnology	32	35	67	24
Engineering Physics	10	4	14	7
Geoengineering	7	17	24	10
Geoinformatics	25	6	31	15
Industrial Engineering and Management	81	26	107	18
Information Networks	6	10	16	0
International Design Business Management – M.Sc. In Technology (School of Chemical Engineering)	6	1	7	4
International Design Business Management – M.Sc. In Technology (School of Electrical Engineering)	3	3	6	1
International Design Business Management – M.Sc. In Technology (School of Engineering)	9	5	14	7
International Design Business Management – M.Sc. in Technology (School of Science)	9	7	16	5
Landscape Architecture (in Finnish, Maisema-arkkitehtuuri)	13	1	14	7
Life Science Technologies	24	9	33	6
Mathematics and Operations Research	29	7	36	12
Mechanical Engineering	114	21	135	56
Real Estate Economics	61	7	68	25
Spatial Planning and Transportation Engineering	30	14	44	20
Urban Studies and Planning in Architecture	12	37	49	15
Urban Studies and Planning in Landscape Architecture	13	4	17	4
Urban Studies and Planning in Real Estate Economics	8	18	26	7
Water and Environmental Engineering	50	16	66	20
<b>Total number of applications</b>	2275			
<b>Total number of applicants</b>	1486			
<b>Accepted</b>	642
