

AV touch panel UI

Quick guide

- ! You can start the presentation using the short-cut buttons.

Be sure to switch on the external display of your PC.

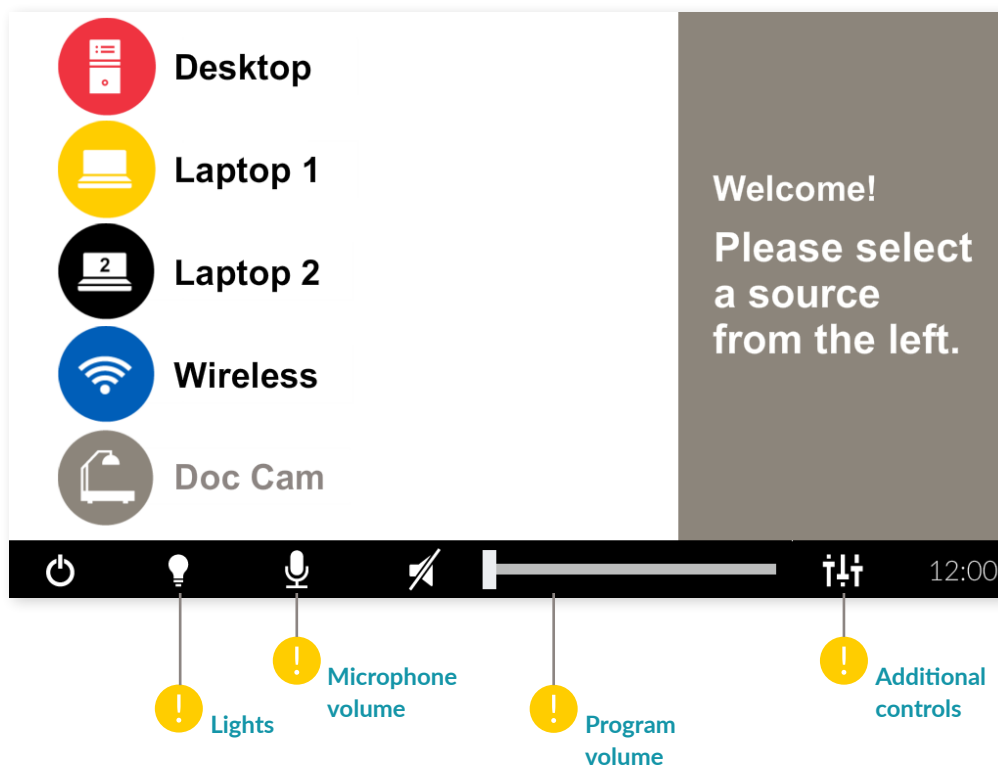

If you are presenting audio aswell and are using the HDMI you will have to choose the right audio output in the control panel of your PC.

- 1 If you are using a source that does not have a short-cut button or want more control over the presentation, choose "Start system only".

Start system only

- 2 Start presentation by selecting a source from the left.

- 3 Stop the presentation by pressing the cross: 

-  Switch off the system by pressing the 'off' button in the lower left corner when you finish the presentation.

You will also have to choose 'shutdown' when asked if you want to quit and shut down the system.

The AV equipment will then be switched off and the system resets.
