2 Choose the source you want to use.

Be sure to switch on the external display of your PC. If you are presenting audio aswell and are using the HDMI you will have to choose the right audio output in the control panel of your PC.

3 Press the show button: 📽

4 Stop the presentation by pressing the cross: ✕

⏻ Switch off the system by pressing the 'off' button in the lower left corner when you finish the presentation.

You will also have to choose 'shutdown' when asked if you want to shut down the system. The AV equipment will then be switched off and the system resets.

! **There is a preview screen in the room at the floor level, visible only to the presenter. The preview screen is always presenting the currently chosen source even if the source is not in presentation on either of the projectors.**
