

How to add or remove SDG keywords from your profile and publications

UN Sustainable Development Goals -keywords are auto-populated to ACRIS. They will be visible in your Research portal profile page (<https://research.aalto.fi/>) and also in the individual publication page and project pages.

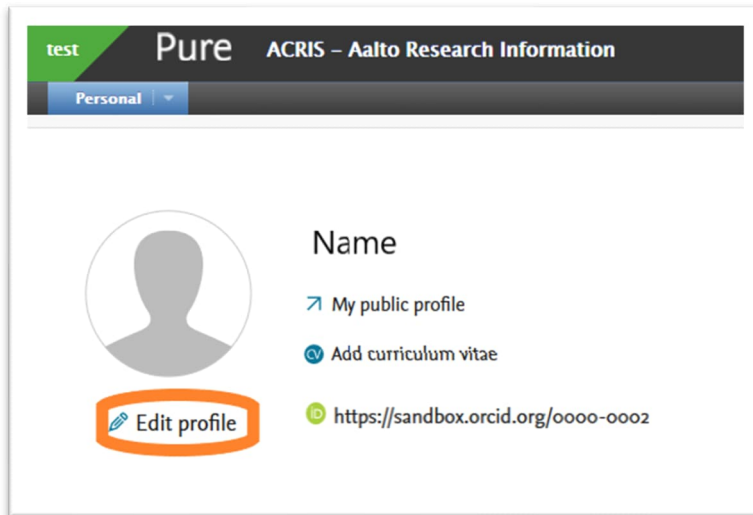

The image shows two screenshots from the Aalto University research portal. The left screenshot is a user profile for Bruce Banner, a Professor in the Department of Pure and Applied Chemistry. Under the 'Personal profile' section, there is a heading 'Expertise related to UN SDGs' followed by a paragraph explaining the 17 global Sustainable Development Goals (SDGs). Below this, three SDG icons are highlighted with an orange circle: SDG 11 (Sustainable Cities and Communities), SDG 12 (Responsible Consumption and Production), and SDG 13 (Climate Action). The right screenshot is a publication page titled 'A framework to explore micronutrient deficiency in maternal and child health in Malawi, Southern Africa'. It features an abstract and a 'UN SDGs' section with a circular graphic containing icons for SDGs 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18. The SDG icons for 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18 are highlighted with an orange circle.

Personal users will be able to remove SDG tags that they feel are not relevant or add the SDG tags which they think will reflect their research topics.

How to do it:

Profiles

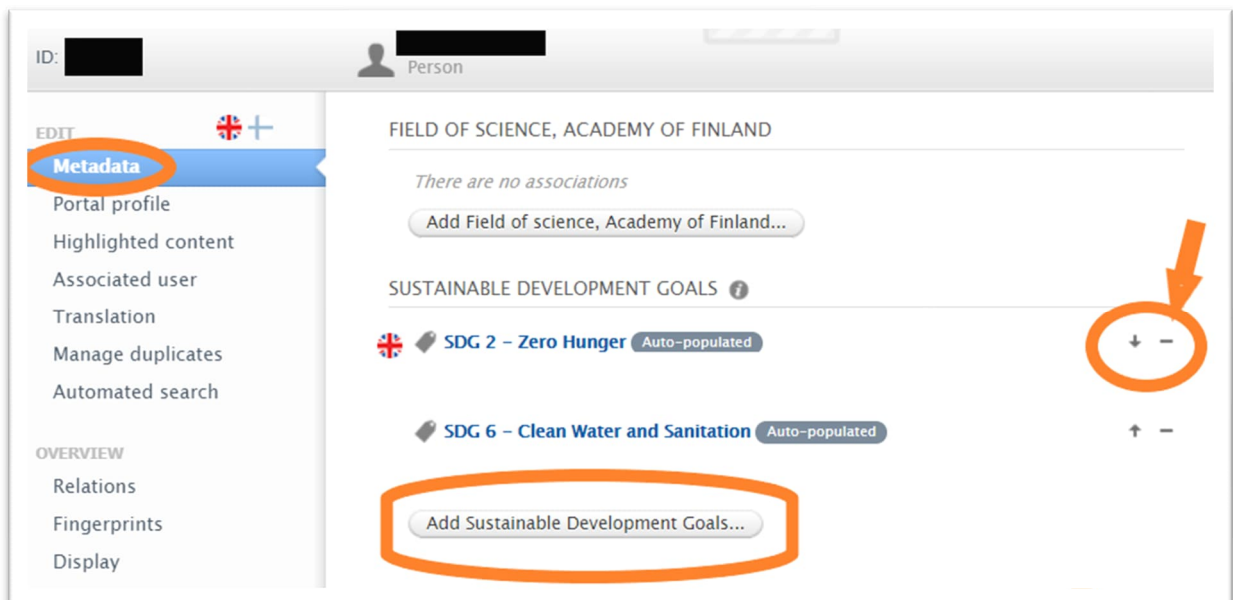

1. Go to <https://acris.aalto.fi/> . (Log in with your Aalto identifiers if you are outside campus or without VPN connection).
2. Select the Edit profile button on your Personal overview screen.

NOTE! When updating fields, the Create button will apply your changes, but you will still need to press the blue Save button to retain your changes (this is always located at the bottom of the record window).

3. Click Metadata in the pop-up window and scroll down to Keywords. Remove the keyword by clicking the hyphen character. Add keyword by clicking the button "Add Sustainable Development Goals".
