## Explanation to the responsibilities of the authors

Essay 1: Title of the essay

Status: Non-published / published essay

**Author 1**, was the lead author of this essay. The research idea was developed by him/her, and he/she was responsible for the theoretical framework and literature review. She also designed the research and was responsible for data construction, the procedure of the analysis, and authored the discussion of results in light of data.

**Author 2**, the second author, revised the theoretical framing and contributed to the positioning of the results within the existing research, and provided her insights into the quality of the research and research narrative.

**Author 3**, the third author, brought her expertise in the linguistic analysis and literature into the author-team; she contributed to the quality of the presentation of findings based on the linguistic analysis.
