FOUNDATION FOR AALTO UNIVERSITY SCIENCE AND TECHNOLOGY: HUAWEI DOCTORAL STUDENT GRANTS

The grants are aimed at doctoral students of Aalto University's Schools of Technology (CHEM, ELEC, ENG, SCI) in the fields Artificial Intelligence, Audio, Security, Antennas, or Integrated circuits.

Two grants, each 22,500 euros, are issued. Each grant is meant for the living expenses of a doctoral student for 8 months. The grant recipient is obliged to take out the Myel grant recipients’ insurance, provided by Mela, and to cover the costs of the insurance himself/herself. The student can have a small part-time working contract at their department at Aalto University during the grant period if so agreed with his/her thesis supervisor.

The grant period shall start during year 2023 the latest.

The grant decisions will be made by the end of January 2023 the latest. The grant recipients will be published on the Foundation's web site, with name, degree, grant amount awarded, and topic of study. The application materials will not be returned.

The application consists of an electronic form and its required attachments. The electronic form is found at https://link.webropolsurveys.com/S/B255634BDE599A7D

The deadline for filling in the electronic form and its attachments is 24 November 2022.

Additional information from the Foundation office tel. 050 400 9988, annakaija.halonen@aalto.fi (Otakaari 1, room Y188a, P.O. Box 11100, 00076 Aalto).
