

Statement regarding the progress of master's thesis

The statement should be written according to the actual status of the master's thesis and must be based on the written version of the master's thesis. If a significant amount of time has passed since you have seen the latest version of the thesis, ask the student first to deliver the current version and write the statement based on that version.

Student		Student number	
Supervisor			
Thesis topic			
Starting time of the thesis*			
Validity of the topic			

* The effective starting time, not the time when eg. the topic was confirmed.

Supervision

<ul style="list-style-type: none"> - When was the last time you met with the student/ when was the last time you were in contact with the student. - Tell briefly how have you supervised the work.
