

**STATEMENT OF MASTER'S THESIS**

**Master's programme:** *Name of programme*  
**Author of the thesis:** *Name of Student*  
**Title of the thesis:** *Title*  
**Supervisor:** *Name of Professor*  
**Advisor:** *Name of Advisor*  
**Location:** *Company or other location where the thesis was completed*

**The following areas should be given both a numeric grade and written evaluation.**

**Definition of research scope and goals:** *(grade)*

Definition of research area of the thesis, goals, engineering problems/ research questions and hypotheses

**Command of the topic:** *(grade)*

Familiarity with the research area, comprehension of the theoretical framework and relevant concept, appropriate use of written and other sources, significance of the work in comparison with the set research target and the thesis as a logical entity

**Methods:** *(grade)*

The choice of appropriate methods and their implementation, conclusions drawn and answering the research questions set

**Results and contribution:** *(grade)*

The author's contribution to the work and independence in completing the thesis; to what extent do the results answer the research questions; how interesting is the thesis from the point of view of science and/or industry

**Presentation, language and structure:** *(grade)*

Clarity, structure, tidiness, grammar, spelling

**Thesis process:** *(grade)*

Supervisors estimate of the used time in months. How did the author stay in the planned schedule and how does the used time effect the proposed grade. The supervisor may give an account for the delays unrelated to the student.

**Conclusion of the above areas of assessment:**

The strengths and weaknesses of the thesis, grounds for the grade awarded. The grounds for the grade should be presented clearly and in detail, as they are of crucial importance in case of an appeal.

**Proposed grade for thesis:** *(grade)*

---

**Maturity test:**

- The abstract of this thesis is approved as the student's maturity test.

**Date:**

**Place:**

*Clarification of signature*

**Professor, thesis supervisor**

*Clarification of signature*

**Thesis advisor** (not mandatory)

*Clarification of signature*

**Professor, second reviewer** (required if the grade awarded is fail, 1 or 5)
