

Newsletter for new joint master's students April 2023

Greetings from Aalto University!

Congratulations once again on your study place!

We have gathered here information on language courses, residence permits, living in Finland and student wellbeing. See our [Student Guide](#) for all the information on what you need to do after getting accepted to Aalto.

Check also the possibilities to chat with Aalto student ambassadors and connect with other new students in Goin' app!

Welcome to join the Aalto community!

Why did our students choose Aalto? Watch the video to find out!

Accept your admission offer, and other first steps

Accept the offer if you didn't yet! The method for accepting the admission offer is determined by the programme, but in all programmes, you must accept the offer by a certain deadline. Please read the instructions sent by your coordinator carefully!

Also remember to

- apply for residence permit (non-EU/EEA citizens) or register your residence (EU/EEA citizens)
- submit the certified hard copy documents to Aalto (only SECCLLO, ISEE, Maritime Engineering, EMC, CoDaS and NoVA programmes)
- pay the tuition fee / programme fee (if applicable)
- enrol as attending student. Online enrolment in [My Studyinfo](#) is possible until 30 July 2023.
- apply for accommodation.

Apply for residence permit

Apply for student accommodation

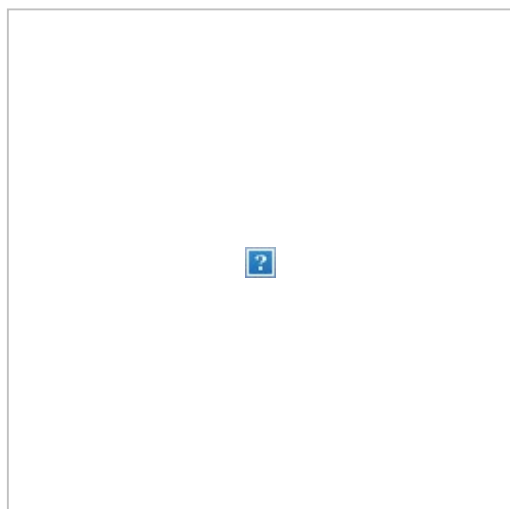

Non-EU/EEA citizens are required a student residence permit.

Half of a fluent residence permit application process is good preparation. Start by reading the [instructions](#) at the Finnish Immigration Service webpage in order to proceed with the necessary steps fluently.

Get a taste of the Finnish language online!

Would you like to know how to greet and thank people in Finnish?

The Survival Finnish Online (1 ECT) - course offers you the possibility to acquire the basic knowledge of the Finnish language online. The next course is running 7 May 2023 - 11 June 2023.

Aalto University supports individual and community wellbeing

Aalto University is taking a wide range of measures to be a healthy and active community that provides support and resources for the wellbeing of individuals – because taking care of individual wellbeing benefits the entire community, too.
