AI Revolution - Insights on AI
Aalto Seminar 9.11.2023

Tero Ojanperä
Professor of Practice, Aalto University
Co-founder & Chair, Silo AI
@teroojanpera

Create a compelling double exposure photograph that seamlessly merges the presence of a woman and modern architecture. Capture the harmony between the human form and the architecture design blending with nature, using light and shadow to accentuate their connection and create a visually striking narrative.
Book translated with AI

CONTENTS

Foreword
INTRODUCTION | The revolution spreading at the speed of light
Frontlines of the Revolution
From Hype to Bright Rise
OpenAI – background and strategy
Tech giants apply artificial intelligence
Startup investments on the rise
Artificial Intelligence creates new ways to use applications
The diverse effects of the AI revolution

Innehåll

Förrord
INTRODUKTION | Revolutionens som spred sig i ljusets hastighet
Revolutionens frontlinjer
Från hype till ljus uppgång
OpenAI – bakgrund och strategi
Teknogiganter tillämpar artificiell intelligens
Startup-investeringar på uppgång
Artificial intelligens skapar nya sätt att använda applikationer
De mångsidiga effekterna av AI-revolutionen
#1 LLM breakthroughs forge new ecosystem powerplay

#2 Own data and specialized models have moat

Try & learn

Productivity

New and better products

- Medical co-pilot
- Co-pilot product design
- Autogenerate architectural plans
- New bioproducts
- New materials
- Industrial
- Machine co-pilots
- Legal co-pilot

Specialized models trained with own data

Custom AI

Commercial AI
ChatGPT
DALL-E 3
Bard

Commercial AI
Bing Chat Enterprise
Copilot
“GPT-4- wrappers”

Specialized models trained with own data

Custom AI
#3 Innovate with integrity

New Innovations

- Virtual Volunteer

Issues

- AI hallucinates
- “GPT-4 - a black box”
- What data can be used to train AI?

AI Ethics

- Responsibility
- Transparency
- Fairness
